

EDGMONT TOWNSHIP BOARD OF SUPERVISORS MEETING MINUTES February 10, 2026

The regular monthly meeting of the Edgmont Township Board of Supervisors was held at the Edgmont Township Municipal Building, 1000 Gradyville Road, Newtown Square, PA 19073 and via Zoom on February 10, 2026, with a work session beginning at 6:30 PM followed by the regular meeting at 7:00 PM.

In attendance were Chair Anne Thorne; Vice-Chair Lindsey Conan; Supervisor David Teter; Township Solicitor Patrick McKenna, Esquire; Township Manager Kenneth D. Kynett, Esquire; and Assistant to the Township Manager Jessica Redding. There were twenty-four in-person guests in attendance and two via the Zoom platform.

During the work session, the regular meeting agenda was reviewed, a member of the Delaware County Planning Department presented the Vision Zero Delco Safety Action Plan, and Board members gave updates from the Comprehensive Plan Task Force and the C-3 Zoning Amendment Working Committee.

- I. Call to Order & Pledge of Allegiance
 - a. Chair Thorne called the meeting to order at 7:00 PM with the Pledge of Allegiance.
- II. Public Comment
 - a. Annamarie Koveal from Wilson Avenue stated that she read in the Township Newsletter, the 2-1 vote for Resolution No. 09 of 2026. Mrs. Koveal stated that she wrote a respectful email to the Board of Supervisors looking for the reasoning behind the vote, as Mr. Gravina has been known to show up to residents' homes in times of need and has been a Township Supervisor for 30 years. Mrs. Koveal stated that the response she received was more puzzling than the vote. Mrs. Koveal stated that Supervisor Teter replied, stating that he needed more than four days to read the Resolution, and that his decision was not politically motivated. Mrs. Koveal stated that she believed this was a weak response and that her email never suggested anything to do with politics. Mrs. Koveal stated that her questions were sincere and asked that we do better in the future to assume the best in each other. Mrs. Koveal stated that she is assuming the Board's decisions are not based off political agendas, rather the genuine concern for the unity of our Township.
 - b. Joanne Stump from Flyway Drive stated that she would like to make the following comments based on the recent Board of Supervisors Election:
 - i. Precinct 1 and 2 are two separate precincts with two separate populations and two separate breakouts of the electorate, yet the results were identical: 56% to 43% for Edgmont Precinct 1 and 56% to 43% for Edgmont Precinct 2. Mrs. Stump stated that she is not a statistician, but the odds of this outcome are pretty much impossible.
 - ii. The Mail in Ballots breakout was 70% to 30% for Edgmont Precinct 1 and 70% to 30% for Edgmont Precinct 2. Mrs. Stump stated that this outcome seems as though it could almost be programmed.
 - iii. Mrs. Stump stated that the Ballot Drop Box is located at the back of the building in the dark. Mrs. Stump stated that in December, the Board of Supervisors voted to have it removed. Mrs. Stump stated that in January, Mr. Teter and Mrs. Thorne decided to consult with the Bureau of Elections in Delaware County and stated this is not a decision to be made by the Bureau of Elections,

- it is a Township Board decision. Mrs. Stump stated that during the Pledge of Allegiance at the Bureau of Elections meetings, one of the Board members refuses to recite the Pledge of Allegiance and stands with his hands behind his back. Mrs. Stump stated that she personally would not want to consult with the Bureau of Elections, because again, it is not their decision to begin with.
- iv. Mrs. Stump stated that if the camera is even working, it is one of 100 cameras monitored by one staff member. Mrs. Stump stated that there are no eyes on these Drop Boxes and that anyone could place whatever they wanted into them. Mrs. Stump stated that half of the Drop Boxes in Pennsylvania are in Delaware County. Mrs. Stump stated that it was found that the Drop Boxes were funded by private money, which is illegal, making these Drop Boxes illegal. Mrs. Stump emphasized the importance in requiring voter ID. Mrs. Stump stated that a recent polling showed 80% of the nation in favor of requiring voter ID, which was across party affiliations and races. Mrs. Stump stated that she believes these results would be consistent for Edgmont Township, and that decisions made by the Board of Supervisors should be predicated on wishes and desires of the Township constituents, not the Board's personal interests and desires.
 - c. Bruce Goebel from Middletown Road stated that he wrote a letter to the Board of Supervisors concerning the vote for the Resolution of Appreciation for Ron Gravina. Mr. Goebel stated that he was confused with Supervisor Teter's response and that Supervisor Teter failed to respond to his follow-up email. Mr. Goebel stated that Supervisor Teter's response was that he did not intend to vote no but then he did. Mr. Goebel stated that he has concerns with the way Supervisor Teter will vote on upcoming applications that will have large implications on Edgmont Township, if his intention ends up being different than how he votes. Mr. Goebel stated that Supervisor Teter was elected to make decisions based on the constituents of the Township. Mr. Goebel stated that he cannot understand how Supervisor Teter would oppose honoring Ron Gravina as a Supervisor, when to his knowledge this is a nonissue across the Township. Mr. Goebel stated that he is a lifelong resident of Edgmont Township, and that he is totally confused at Supervisor Teter's response.
 - i. Supervisor Teter responded, stating that he put a lot of thought into his vote, and that he was concerned that he was being put into an awkward position. Supervisor Teter stated that he was barely 10 days into his role and had never seen the Resolution before. Supervisor Teter stated that Supervisors are required to sign Resolutions they approve and that he was always taught that if he had questions on something that he had to sign, and those questions don't get answers, that he should not sign the document. Supervisor Teter responded to Mrs. Koveal's public comment by stating that she misunderstood his email as it did not take him four days to read the Resolution; it took him one minute to read the Resolution. Supervisor Teter stated that the Board receives their meeting materials on the Friday prior to the meeting, and because he works, he did not get a chance to review the meeting materials until Saturday. Supervisor Teter stated that he wants to be thorough when reviewing the meeting materials, and that he did not want to bother his colleagues on the weekend with his questions. Supervisor Teter stated that he sent his questions out on Monday morning, to which Township Manager Kynett answered some of his questions. Supervisor Teter stated that the other Board members did not get answers to him until Monday evening, and because he worked on Tuesday, he did not get a chance to review before the meeting. Supervisor Teter stated

- that he asked the Township Solicitor if he could abstain from voting to which he was not allowed. Supervisor Teter stated that he voted no because he would have liked answers to his questions. Supervisor Teter stated that he has heard many good things about Ron and has stated publicly that he supports him and that he is thrilled that Ron is still our Roadmaster. Supervisor Teter stated that he did not intend to slight Ron, rather he was trying to do the opposite.
- ii. Mr. Goebel stated that he can appreciate that Supervisor Teter wants to be thorough with his vote, but then questioned the process for when Board members are not able to abstain from a vote and they do not feel prepared to vote; asking if they will all just vote no.
 - iii. Chair Thorne stated that the Board of Supervisors can table a vote if they feel as though they do not have the votes to pass it one way or another.
 - iv. Supervisor Teter stated that he didn't feel as though it was appropriate to table Ron's Resolution of Appreciation as his family was in attendance and the other Board members had been privy to the Resolution in December.
- d. Mike Risser from Middletown Road stated that he would like to thank Ron Gravina for the service he had provided to the people of Edgmont during the length of his years as a Supervisor. Mr. Risser stated that Ron's accomplishments have been nothing short of amazing and that he believes Ron was married to the Township just as much as he was to his own wife. Mr. Risser thanked Mrs. Gravina for allowing Ron to be so dedicated to the Township at all hours of all his days of service. Mr. Risser stated that he has not always agreed with Ron, but that Ron deserves all the praise and acknowledgement for his service without hesitation. Mr. Risser stated that he doesn't know anybody who has given as much time to the Township as Ron. Mr. Risser stated that he wants the Board of Supervisors to do well, and that respect must be given to those who put the time to better the Township. Mr. Risser thanked Ron Gravina for always upholding the Zoning of Edgmont Township. Mr. Risser wished Supervisor Teter luck in his new position.
 - e. Ashley Dowes from Gradyville Road stated that she has concerns with speeding in front of her home on Gradyville Road and asked if a speed sign could be installed for traffic calming. Mrs. Dowes stated that it was her understanding that speed signs under 40 mph can be installed on a State Road by a municipality. Solicitor McKenna stated that he does not believe that is correct. Mrs. Dowes stated that she has asked the State Police to monitor the speeding and has not had a response. Chair Thorne asked the Township Manager if the Township could temporarily place its radar speed sign on a State Road. Township Manager Kynett stated he believed that is allowable. Township Manager Kynett stated that the Township will look into this, and if permitted, will temporarily place the Township's radar speed sign on Gradyville Road.
 - f. Diana Lembo from Middletown Road addressed Mr. Teter stating that, she too, is upset with his opposition to the Resolution of Appreciation for Ron Gravina. Mrs. Lembo stated that this was a basic resolution honoring Ron's service. Mrs. Lembo stated that she lived in Edgmont for over 30 years, and that she deeply appreciates how this Township has been managed; especially when protecting against unchecked and short-sighted development. Mrs. Lembo stated that Edgmont is a little green emerald that upholds its zoning, and that she attributes that to Mr. Gravina and his 30+ years of service to the Township. Mrs. Lembo stated that she understood Supervisor Teter's main campaign initiative was based on the Caswell development, and that he attributed the results of that development to Mr. Gravina. Mrs. Lembo stated that the plans for Runnymede included the Caswell since the development first went in. Supervisor Teter asked Mrs. Lembo to clarify whether she was saying his campaign was against the Caswell development, to which Mrs. Lembo stated yes. Supervisor

Teter stated that a previous Supervisor, Jim Hallam, ran his campaign with that initiative, and that Mrs. Lembo must be getting them confused. Supervisor Teter stated that he sat on the Runnymede Farms Homeowners Association Board, which worked diligently with the Township and the developer to allow for a smooth transition with the Caswell. Mrs. Lembo apologized, as this is something she heard going around during the campaign season. Supervisor Teter stated that he is happy to meet with residents any time, as he is here to serve the residents. Mrs. Lembo wished Mr. Teter the best of luck.

- g. Lora Snyder from Gradyville Road asked the Board to explain Resolution No. 06 of 2026. Supervisor Thorne stated that she would address this comment at the start of New Business.

Chair Thorne stated the Township will hold a special public meeting on February 17, 2026, with the Pennsylvania Game Commission to discuss what to expect from the Game Commission's acquisition of the 176.8 acres of Sleighton School Property. - b. Township Pension Audit Chair Thorne stated that there were two findings with the Township Pension Audit which are currently being resolved. Township Manager Kynett stated that the Township offers a 457B Plan which matches up to 6% of Staff contributions. Township Manager Kynett stated that funds received from the state are based upon staff’s salary. Township Manager Kynett stated that the State provided a surplus in funding during staff turnover, as a previous staffer’s salary was used for a new hire, ultimately skewing the funding received. Township Manager Kynett stated that the additional finding showed one employee to be enrolled prematurely in the pension contribution plan, which has already been rectified.
- c. Township Manager Kynett stated that Representative Borowski’s office inquired Edgmont Township if there was interest in partnering with her Blood Drive Event. The Board of Supervisors stated they would be interested in partnering with Representative Borowski for this event.
- d. Township Manager Kynett stated that Middletown Township and Upper Providence Township inquired to see if the Board would be interested in partnering for an E-Force Recycling Event in April to take place at the Middletown Township Building. Chair Thorne stated that the Board has partnered with Middletown and Upper Providence Township’s in 2024, and that data for Edgmont Township residents was unavailable. Supervisor Thorne stated she did not believe participating in this event was necessary, as it is not held in Edgmont and that it would cost the Township over a thousand dollars to participate. Vice-Chair Conan and Supervisor Teter agreed. Valorie Gravina from West Chester Pike stated that she attended a recycling event through Representative Borowski’s office, and rather than asking attendees for their township, they asked for their address. Mrs. Gravina stated that although she lives in Edgmont, her address is Newtown Square. Mrs. Gravina noted that this could be a reason that data is inaccurate or unavailable. Chair Thorne stated that Mrs. Gravina made a good point and thanked her for her comment.
